

address by the Chaplain this morning was inappropriate. Everyone in the body needs to make their own decision as to whether that is inappropriate or not, but I can assure you that that...and I do apologize to you for that happening. I think it is very unfortunate that that kind of thing does happen and that's interjected into that kind of a message at the beginning of the day. And I will assure you that we will try to not let that happen again. Thank you. Mr. Clerk, we will proceed to a legislative resolution by Senator Lamb.

CLERK: Mr. President, LR 28 was introduced by Senator Lamb. It is found on page 389 of the Journal. It asks the Legislature to recognize and commend all volunteers, professionals, local Cooperative Extension Boards, 4-H and Home Extension Club Leaders, Master Gardeners, and other volunteer leaders for the quality of their efforts to help Nebraskans reach their full potential and extends best wishes for continuing success.

SPEAKER BAACK: Senator Lamb.

SENATOR LAMB: Mr. President and members, This resolution is commending the Cooperative Extension Service for its efforts over the years, not only the extension service itself, but also all the volunteers who have made it possible. One of the most important parts of this effort has been the 4-H program in the State of Nebraska and that, of course, is important to rural areas but also has become, in recent years, very important to urban areas. And I will just read one paragraph; that the Legislature recognizes and commends all volunteers, professionals, local Cooperative Extension Boards, 4-H and Home Extension Club leaders, Master Gardeners, and other volunteer leaders for the quality of their efforts to make Nebraskans reach their full potential and extends best wishes for continuing success. I would ask the adoption of this resolution.

SPEAKER BAACK: Is there discussion? Senator Nelson.

SENATOR NELSON: Mr. Speaker, I also would ask for the adoption. Senator Lamb, myself, Senator Wehrbein, and a number of others through this past summer have had an opportunity to work with the extension people, the university people, and so on, and there is a lot of volunteer work. It is growing maybe more urban than it is rural, and that is good. They are good, hard dedicated workers. There is problems in the fact of how much
